Surgical Assistant and Surgical Technologist Registration Program

When does the program start?

April 1, 2011.

Who needs to register?

Anyone performing the *functions* of a surgical technologist or surgical assistant must register.

How do I register?

Registration is done through a downloadable application from the website. There is also a fee associated with registration.

Are there education requirements to register as a surgical assistant or surgical technologist?

No. Registration is based on a person doing the *functions* (or tasks) of a surgical technologist or surgical assistant.

Are there experience requirements to register?

No. Registration is based on a person doing the *functions* (or tasks) of a surgical technologist or surgical assistant.

How can I keep up on the changes and requirements of the program?

By visiting the website www.DORA.state.co.us/SA-ST or signing up for email alerts through the main DORA website.

Do I need to show my registration to an employer before I'm hired?

No. It is the employer's responsibility to check the DORA database to ensure you are registered appropriately for the duties you will perform.
