

2020 AST Student Scrub Bowl Championship - ELIGIBILITY

Atlanta, GA

Participant Eligibility: *Please refer to the www.ast.org website for more information regarding eligibility and game rules.*

****Team participation is first-come, first-served and is limited to the first 24 teams to register. Any eligible team who registers after reaching cap will be placed on the alternate list in the order of their registration date. On-site registration may be available if the team participation cap has not been met after including those on the alternate list. To allow for the opportunity of diversity, only one school may be initially represented. For schools with multiple campuses, the first campus to register will be eligible to participate and any subsequent campus registrations will be placed on the alternate list. However, it is perfectly acceptable and strongly encouraged to consider combining several campuses to represent one organization.***

Registration Process:

*In addition to AST's National Conference registration, a separate team registration is required. **Online team registration will open on February 1st and close on May 1st, 2020 or earlier if team cap has been met.** Team registration is free of charge and serves to determine eligibility and to effectively prepare in advance for this event.*
