

2022 AST Student Scrub Bowl Championship

AST is excited to bring back the *National Student Scrub Bowl* to our 2022 conference line-up! We are busy working out the finer details of this popular event but wanted to share with you some of the basics, allowing you an opportunity to encourage state/school/student involvement well in advance.

Official Event Name: AST Student Scrub Bowl Championship

When: AST National Conference
Friday, June 3, 2022
4:00 – 5:30 pm
**Teams MUST check-in between 3-6pm at the ASTSA exhibit table on Thursday, June 2nd.*
***Registered teams MUST report to the event on Friday at 3:30 pm.*

Where: Marriott Hotel and Conference Center
New Orleans, LA

Participant Eligibility:

- * Each school/team* is limited to a maximum of two students plus one eligible alternate. *Alternate's may be substituted for one student at the beginning of each round.*
- * All team participants need to be registered for the *2022 AST National Conference* and present their badge during event check-in, 30 minutes prior to the start of the Scrub Bowl. *Please note: Anyone attending the scrub-bowl as an audience member MUST be registered for the AST National Conference.*
- * Participants cannot have taken (including any attempts) the NBSTSA certification exam prior to the scrub-bowl.

****Team participation is first-come, first-served and is limited to the first 24 teams to register. Those who register their teams after reaching cap will be placed on the alternate list in the order of registration date. On-site team registration will be available if the team participation cap has not been met after including those on the alternate list.***

To allow for diversity, only one school may be initially represented. For schools with multiple campuses, the first campus to register will be eligible to participate and any subsequent campus registrations will be placed on the alternate list. However, it is perfectly acceptable and strongly encouraged to consider combining several campuses to represent one organization.

Registration Process:

In addition to AST's National Conference registration, a separate team registration is required. Online team registration will open on March 1, 2022, and close on May 1st, 2022. Team registration is free of charge and serves to determine eligibility and to effectively prepare in advance for this event. Programs who submit an incomplete registration form will have until May 15th to submit the required information. For example, a student doesn't have an AST membership number at the time of registration. Registration updates must be sent to Wanda.Folsom@ast.org .
